## EDMONTON REPORT

EDMONTON: The meteorological division of the federal department of transport is working towards the time when five-day weather forecasts will be given.

These forecasts already are the practice in the U.S. The major difficulty being experienced is forecasting the changes. Weather data from all over the country and beyond is collected and compiled at Washington. Air flows, high and low pressure systems and wind directions are plotted on maps.

The forecasters are able to say with reasonable accuracy what the weather will be in the various districts, but when it comes to forecasting when the weather will change, such as from sunny and warm to heavy rain, difficulties are encountered.

The central analysis office for Canada will be located in Montreal. You will not be able to plan a picnic on the basis of the five-day forecasts, but it will the farmers an idea of whether he should start cutting his hay or planting seed.

Considerable research on weather forecasting is continually being carried on in Canada in co-operation with the U.S. and other countries. It is all an attempt to increase the accuracy of weather predicting.

At present the forecasts you hear daily are for 24 to 36-hour periods. In Alberta they all come from the Edmonton weather office located at the airport, which forecasts for all Alberta and half of Saskatchewan, about 160,000 square miles.

Sydney J. Buckler, one of the chief forecasters, explained the other day that forecasts are compiled from information received from several radio range stations located on airways and reporting hourly, and many weather stations located throughout the forecast district and beyond, reporting a three to six hour intervals.

Trends in air flows and pressure systems in the Arctic, far out in the Pacific ocean and over the whole continent are used as the basis for forecasting the weather in the district, which is split into several regions. To understand the forecasts you should know what regions you live in. A pamphlet containing a map marked with the regions and also the meaning of forecast terminology is available from the Edmonton Public Weather Office, Airport Administration Building, Edmonton.

A valuable service to the meteorological division is rendered by the many Albertans who voluntarily man the climatological stations found in many Alberta communities. They compile such data as rainfall, hours of sunshine, high and low temperatures for their districts. These records, sent to Toronto are the basis for establishing what normal weather conditions are for these regions. For instance, their records—some kept for 30 to 50 years—will tell when to expect the first and last frosts for their areas.

In the early pioneer days of Alberta, all roads in a district led to the centre of the nearest town. As highways developed, they followed these early roads—right through the centre of town. But Alberta's towns are growing up and the days of fast, heavy traffic are resulting in the construction of highways around, rather than through, town.

This trend caused concern in many centres when first proposed. Hon. Gordon Taylor, Alberta minister of highways, said last week, "But after a year or so, they are usually quite happy that the fast, dangerous traffic is not rushing down their main street."

Mr. Taylor is going north, where the Grande Prairie Chamber of Commerce is protesting a proposal to construct the main highway on the outskirts of the town instead of down one of the main streets.

The minister indicated that as new highways are constructed and old ones reconstructed, the policy will be to build around the towns wherever possible.

He pointed out that in addition to the safety factor for town residents and the convenience to travellers not planning to stop in town, it usually is impossible to get the width in a town for a large, modern type of highway.

As far as increasing trade by placing highways through the centre of town, Mr. Taylor said: "If you're going to stop at a town, you'll stop, even if the highway doesn't."

## Mercury Soars to 80 Above

## Hot Weather Follows Last Week's Big Rain

Following a cold, wet month of

April, the weather turned very warm this week, with clear skies and bright sunshine. On Wednesday the mercury climbed to an unseasonable 80 above and the land is drying out rapidly and allowing the farmers to proceed with cultivating and seeding operations.

Seeding is expected to be general in this district by Saturday. Records kept by Ernest King show 2.49 inches of moisture received in April, of which 1.56 inches was recorded in the last week of the month—when a slow, soaking four-day rain fell. On the first day of May .04 of an inch of rain was recorded.

## Brant School Wins First Ball Game

The baseball season got underway Monday, May 4, when the Vulcan and Brant high school teams met in a game that Brant won by a 5-4 score.

Although time for practice had been limited, both teams turned in a good game with few errors. Hamilton was the winning pitcher, with Jantzie and Coleman doing a very good job for Vulcan.

Batting orders were: Brant: Prusky, Ball, Sellar, Dru hall, Wilkins, Hamilton. McGill, Burley, Auld, Roebuck.

Vulcan: Northcott, Sparks, Jesse Coleman, Hansell, Roebuck, Jesse, Roebuck, Jantzie.

## CULTURAL PRACTICES FOR CONTROL OF WILD OATS

Wild oats is companionable with grain crops, especially spring-seeded cereals and flax, and is a challenge to agriculturists in prairie Canada where grain farming prevails to discover the most successful methods of control on grain land.

Methods that have given the most hopeful results at the Experimental Farm, Brandon, Man. include: delay seeding of grain in the spring until wild oats are above ground and can be killed by tillage. In 1952, barley seeded on May 8 had an average of 28.5 wild oats plants per square yard compared with 4.4 plants in adjacent plots seeded on June 11. Late seeding, however, usually produced a crop lower in yield and quality than earlier seeding and these important factors must be weighed against the benefits of reducing the infestation of wild oats.

Few wild oats seeds of the new crop germinate in the autumn, says D. Brown of the Brandon Farm. Likewise, seeds that are retained in a wet condition in the soil during the fall and winter months do not readily germinate, even during the spring season. Post-harvest ripening of seed is important and can best be assisted by allowing the seeds to dry out on the soil surface throughout the fall. So it is wise to delay fall tillage of stubble land impregnated with wild oats seed until

## Early Pioneer, Sam Johnston Dies

One of the earliest pioneers of the Vulcan district, Sam Johnston aged 65, died on Friday, May 1, at Cranbrook, B.C.

Born at Carman, Manitoba, he homesteaded in the Nanton district in 1930 and came to the Vulcan district shortly after that. He farmed here until 1943 and lived for a short while at Lacombe before moving to Cranbrook.

He is survived by three sons, Busier at Cranbrook, Frank at Vancouver and Harold at Lacombe; three daughters, Eva at Borden, Ruth at Lethbridge and Muriel at Lacombe; one brother, Hamilton W. Johnston, Calgary; and one sister, Mrs. Frank Clark, Calgary.

Services were conducted by Rev. J. S. Clarke at the Vulcan United Church Wednesday afternoon, May 6, and burial was made in the family plot at the Vulcan cemetery.

## Rapid Growth of Scout District

The Foothills District of the Provincial Boy Scout Association has doubled in size during the past year and is now one of the largest organized Scout districts in Alberta, it was reported at the semi-annual meeting held in High River Monday evening.

Towns in the district which now have Scout and Cub organizations are Vulcan, Brant, Blackie, Nanton, Okotoks, High River, Longview and Black Diamond. The Rally will this year be held at Longview on Sunday, June 7.

Scout Commissioner John Hunter presided at the meeting which was very well attended. Also attending from Vulcan were A. G. Scott, president of the Vulcan Group Committee; Scoutmaster Einar Kumlin; and Cubmaster A. H. Collier and his assistants, Milton Scales and D. White.

late October. Tillage then should assure that the seeds are thoroughly covered to a depth of one to two inches.

Spring cultivation on land tilled late in the fall should consist of harrowing and packing at the earliest possible date to provide favorable growing conditions. If the season is suitable, seeding should be delayed until the oats grow to the stage at which the plants can be killed by pre-seeding cultivation.

There is positive proof at the Experimental Farm at Brandon that wild oats can best be controlled by a cropping system that retires the land to grass for two to three years out of every six or eight years. In fields heavily infested with the weed even this plan of farming does not afford quick results. It is slow but sure.

## U.N. Stamp to Honor Universal Postal Union

The United Nations will salute the work of the Universal Postal Union with its second commemorative stamp issue of 1953. An envelope, bearing the U. N. emblem, shows against a world map the extent of UPU activities. The stamps, in two denominations, will be released on 12 June. The three cent stamp will appear in black and white and the five cent one in navy blue and white.

## Players Up To 16 Years Old

## Lions Clubs Sponsor Juvenile Baseball League

A four-team juvenile baseball league will operate on the Aldersyde line this season, sponsored by the Lions Clubs of Barons, Carmangay, Champion and Vulcan. Boys who were not more than 16 years of age as at May 1, 1953, will be eligible to play and practices are now being held in preparation for the opening of the league schedule.

A twelve-game schedule is now being drawn up, to start about May 24, with games being played Wednesdays and Sundays. Two tournaments will be held during the summer months—one at Champion and the other at Barons.

Uniforms and fees for the Vulcan team have already been ordered by the Lions Club and Howard Spaeth is manager and coach.

## Hard-hit Family Loses Third Child

(Calgary Albertan). Tragedy again hit the family of a young Calgary doctor recently, when Dr. and Mrs. William J. Cassidy lost their third child within less than two years.

The distressing period started in the summer of 1951 when their 2½-year-old son Bobby died. Last summer polio fatally struck the eldest son Billy, and on Saturday afternoon their 11-month-old baby James Donald, died at the General Hospital.

Only surviving child in the young family at 702 27th Ave. N. W. is the daughter, Ruthie, aged nine.

Dr. and Mrs. Cassidy were residents of Vulcan some years ago.

## SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

Vantage Barley: In 1952 about 75,000 bushels of this barley was produced from about 2,000 bushels imported from Manitoba in 1950, this would be enough seed for quite general distribution for this season. It is quoted by the Alberta Crop Improvement association as being worth \$3.50 for top grade seed.

Yield results, according to A. D. McPhadden of the experimental farm at Lacombe, have been satisfactory. Vantage—having outyielded in 35 tests Montcalm and Newal by 4.6 and 9.3 percent respectively in the brown soil zone, and in the black soil zone over 19 tests Vantage outyielded Montcalm by 10.7 and Newal by 3.5 percent. A 13 test average in the gray soils showed Vantage outyielded the same Barleys by 11.3 and 8.0 percent. It is two days earlier than Montcalm and two days later than Newal. It is superior to the other two varieties in resistance to lodging and is highly resistant to shattering and neck breaking, there is little difference in size of kernel, not too much difficulty in removing the awns is experienced if the grain is reasonably dry.

It is like Newal and Montcalm in that it is susceptible to loose smut.

## Two Leagues Amalgamate

## Eight Baseball Teams In Foothills-Wheatbelt Loop

A new baseball league has been formed this spring through the amalgamation of the Wheatbelt league, comprising Vulcan, Champion and Carmangay, and the Foothills league, comprising Gratum, Claresholm, R.C.A.F., Nanton, and Stavely. The new league will be known as the Foothills-Wheatbelt League and the final organizational meeting was held recently at Barons.

Harper Perry of Barons is the league governor, and Mel Hansen, Gratum, is the secretary-manager. Each team will play one game at home and one away from home against each other team in the league. The four top teams in the league standing will enter the league playoffs.

The schedule starts on Sunday, May 24 and ends on Sunday, July 12. The home games of the R.C.A.F. against the three teams on the east line will be played at Barons. All games except postponed games will be played on Wednesdays and Sundays.

John Hunter is president of the Vulcan baseball club and Art Pederson secretary. There is a possibility that a local organization will sponsor the Vulcan club.

## Three Nominees For Councillor In Division 3

Notice is given in this issue of a poll to be held on Saturday, May 23, to elect a councillor of the County of Vulcan to fill the unexpired term of the late Richard A. Clements of Champion.

Three farmers of the south-west Division No. 2 have been nominated: Russel Robbie, Ivan Haga and Leonard Volsey.

Polling places will be the Village Office at Champion, the Kirkcaldy School and the Alston Teahouse, with voting taking place from 9 a.m. to 5 p.m. on May 23.

The returning officer is Bruce Alder.

## April Births At Vulcan Hospital

The following births were recorded at the Vulcan Municipal hospital during the month of April.

April 15, to Mr. and Mrs. Herbert Buehler, Vulcan, a son.

April 13, to Mr. and Mrs. Lloyd Witting, Barons, a daughter.

April 17, to Mr. and Mrs. Ralph Linsted, Lomond, a son.

April 25, to Mr. and Mrs. Kenneth Stumpf, Milo, a son.

April 29, to Mr. and Mrs. Clarence Leack, Vulcan, a daughter.

April 30, to Mr. and Mrs. Albert Willard, Armada, a son.

## Waterless Soil to Bloom in Jordan

Examining a soil sample in the Jordan Valley, a water development expert (left) gathers data on irrigation possibilities. The United Nations Relief and Works Agency for Palestine Refugees recently agreed with the Kingdom of Jordan to provide \$40,000,000 for construction of an irrigation and power dam in the region. The dry land, given water, might support up to 20,000 refugee families.

## Residents Mourn Passing of David A. McAfee

Residents of the town and district were saddened this week at the passing Sunday evening, May 3, of Dave McAfee, after a long and gallant fight against illness.

Manager of the Beaver Lumber yard in Vulcan from 1930 until 1949 and secretary of the Vulcan Municipal Hospital since 1930, Dave McAfee had, during his long residence in Vulcan, acquired a host of friends through his unfailing kindness and courtesy.

He was a man of sterling worth—always considerate of others and capable and conscientious in any task he undertook. Before illness restricted his activities, he took a great interest in every community enterprise.

He was a Past Worshipful Master of the Vulcan Masonic Lodge, a Past Exalted Ruler of the Vulcan Elks Lodge and had served as president of the Vulcan Tennis Club when it was active before the war. For many years he served as secretary of the Vulcan School Board and as a member of the Board of the Vulcan United Church.

Dave McAfee

David Anderson McAfee was born in Coleraine, Derry, Ireland, on July 14, 1895, moving to Canada in 1908, and residing at Edmonton. In 1918 he moved to Holden as manager of the Alberta lumber yard and in 1923 to Innisfail. In 1930 he came to Vulcan as manager of the Beaver Lumber yard, retiring from that position in 1949 to become full-time secretary-manager of the Vulcan Municipal Hospital, a position he held up to the time of his death.

Married at Edmonton in 1916, he is survived by his wife in Vulcan and two daughters, Mrs. Howard St. Peter of North Battleford, Sask., and Terry at home, as well as two grand-children. He was predeceased by three daughters, Kathleen, Jean Isabel and Patsy.

Also surviving are eight brothers: Harry and Sandy, Vancouver, and Jack, Dan, Bob, Hugh, Bill and Jim, all of Edmonton; and two sisters, Mrs. H. H. Hodgson of Dawson Creek and Miss Mary McAfee, Edmonton.

Funeral services were conducted by Rev. J. S. Clarke and Rev. Hon. Peter Dawson at the Vulcan United Church on Wednesday afternoon, with a large number of town and district residents attending to pay their last respects to a man who will be greatly missed.

Funeral services were conducted by Rev. J. S. Clarke and Rev. Hon. Peter Dawson at the Vulcan United Church on Wednesday afternoon, with a large number of town and district residents attending to pay their last respects to a man who will be greatly missed.

The body was taken to Calgary for cremation.

## Swim Meeting At School on Monday

The first meeting of the year for the town's swimming team will be held on Monday, May 11, at the school at 4:00 p.m.

Plans will be made for the coming year's activities and the new coach, Dave Hilton, will give a short talk on pre-season training.

All swimmers 10 years of age or over are welcome to attend. Tentative meets are now being planned and the team will be picked by the first week in June.

## For Healthier Children in Paraguay

MOTHERS and expectant mothers watch a demonstration of child care, given by a public health nurse in a small town clinic in Paraguay. The clinic receives aid from the United Nations International Children's Emergency Fund, which had a large share in getting the center, of which there soon will be 10, into operation.

### Coronation Decorations

Coronation Day, June 2, has been declared a public holiday and plans are well advanced to observe it in Vulcan with a service and parade in the morning and ball games, children's picture show, community picnic and dance at night to round out the day.

We are particularly glad to note that a flag and bunting committee has been organized and is working. The business section of town, at least, should be well decorated on such a patriotic occasion and this will be a welcome change from the two or three flags that can usually be seen flying on such days as July 1st.

### Highway 23

The rain of last week gave ample proof that Highway 23 will have to be practically rebuilt before it can be hard-surfaced. In many places the highway was nothing but a stretch of mud, with the gravel completely gone.

It's hard to understand why the government will spend hundreds of thousands of dollars building such a gravel highway and then let it go almost beyond repair through inadequate maintenance. The heavy traffic that was routed through on 23 during the time of the mud ban on No. 2 soon pounded the gravel into the road.

Proper and adequate maintenance can keep No. 23 and No. 24 in good shape until such time as the long-overdue hard surfacing program on this route is undertaken. It is the most direct route between Lethbridge and Calgary and is a good 20 miles shorter than the No. 2 highway route. One of its big advantages, too, is the small number of railway level crossings as compared to No. 2.

### They Never Learn

(Brooks Bulletin)

The other day we came across an editorial in an Ontario weekly newspaper which stated that last year the federal treasury shelled out \$80 millions in the processing of marketing the 1952 prairie wheat crop. The editor shed scalding tears over what he claimed to be a bonus from the Canadian taxpayers, whom (he asserted) have also to pay the increased cost of the bread they bought.

That is the sort of editorial tripe which is fed to the people of Eastern Canada, and which has no foundation in fact. The marketing of the prairie wheat crop last year was done by the wheat board and did not cost the federal treasury a dime. Furthermore Canadian people were supplied with wheat for their daily bread at a cheaper price than what the British people paid for Canadian wheat. The British had to pay transportation costs from Fort William.

When it comes to the cost of wheat in a 20 ounce loaf of bread there may be another surprise in store for eastern editors. It only amounts to 3 cents, the balance of the ultimate price being made up in freight milling, baking, other ingredients, and in delivering.

We wish some of our western members of parliament would take the trouble to enlighten the people of Eastern Canada as to the true facts of the handling and sales of prairie wheat, and the cost of bread consumers in this country.

### Guest Editorial

John Ruskin had a simple piece of stone on which was written the single word "Today." That was a constant reminder to the great essayist that whatever the past may have held, whatever the future might hold, the present was of vital importance.

"Today" might well be one of the mottoes emblazoned on the banners of The Salvation Army; for although its workers live for the future, they make the most in service out of every passing day. It is well known that this utilitarian body of men and women "work for the night is coming", but they do so with the realization that the golden moments of today, if lost or misused, are gone forever. Moreover, they have a saying that the future cannot be improved unless the present is constructively disturbed.

The urgency of the present lies heavily upon all whose efforts affect other lives. The Army's welfare workers take their self-imposed responsibilities earnestly. These responsibilities include eight highly efficient institutions in Alberta, which serve every district in the Province "from baraboo to old age."

With the launching of the 1953 Red Shield Appeal, The Salvation Army asks its supporters to assist present labors which cannot go on without funds. In helping The Army today, Canadians are helping their country's future. Human need cannot wait. The Salvation Army knows that! Let us help them, and do it today!

### Watch That Stored Grain

With the arrival of Spring, farm-stored grain will require more frequent and careful examination. Now is the time to make sure the moisture content of your grain is low enough to avoid trouble.

Prevent Mold Growth. Moisture content is the key factor in safe grain storage. Higher outside temperatures may be responsible for changing the moisture content of grain piled in the open, or stored in granaries and may easily result in the upper portions of bulk-stored grain becoming more moist. The upper limits of moisture for safe-keeping are approximately as follows: Wheat, 14.5%; Oats and Barley, 14%; and Flax, 10.5%. If any portion of stored grain has a moisture content in excess of these limits it should be removed, and either mixed or dried to get an average of at least 1% below these figures. The only practical means known of preventing the growth of "storage molds," which are mainly responsible for discolored, heated, musty and rotted kernels, is to keep all portions of the bulk-stored grain at a safe moisture level.

Segregate Damaged Kernels. As recently emphasized by the Board of Grain Commissioners of Canada, the presence of even a very small percentage of damaged kernels, especially "heated" kernels, in a grain sample is a serious "grading" factor. Consequently, farmers should take every precaution this Spring to keep all heated, discolored, or otherwise damaged kernels from becoming mixed with undamaged grain. This is particularly important in the case of grain from open piles. It is much better to lose a relatively small amount of "damaged" grain, than to risk having all the grain you market this Spring degraded on account of damaged kernels, especially "heated" kernels.

Keep It Clean. High quality grain is clean, sound grain. It is grain that has been protected from molds, heating, and from contamination by insects, rodents, birds, or other forms of objectionable matter. Clean, undamaged grain always brings better prices. Watch and protect your farm-stored grain this Spring.

The three main racial divisions are white, yellow and black.

A majority of votes means more than half, while a plurality is more votes than any other candidate received, but less than half the total.

These well-baby clinics are held for the purpose of weighing and measuring infants and toddlers, and discussing with parents any problems regarding feeding, training, and general care. Inoculations for Diphtheria, Whooping Cough & Tetanus, & Small-pox vaccinations are given after 6 months of age. There is no charge at these clinics, which are a service of the Foothills Health Unit.

## District News

### LOMOND

Mr. and Mrs. Mervin Liebrich were visitors in Calgary on Sunday.

Mr. and Mrs. Douglas Walker were recent visitors in both Calgary and Lethbridge.

Regular monthly meeting of the Recreation Club was held in the school on Wednesday evening, April 29. Play ground equipment has been re-ordered from the States. Motion was made to start a tennis court this summer. Next meeting is to be held in the school on the last Wednesday in May.

Congratulations are extended to Mr. and Mrs. Ralph Lindstedt on the birth of a son Sidney Francis in the Vulcan Hospital.

Lloyd Deitrich of Rumsey was a recent visitor in Lomond.

Lee Jones of Edmonton and an old timer of the Lomond District has been a guest at the home of Mr. and Mrs. E. Donaghy for several weeks.

Three clubs, the Lomond Community Club, Birthday Club and the Good Will Service Club joined in sponsoring a very lovely shower in honor of Mrs. Jimmy Teasdale. The shower was held in the Lomond Community Hall on Saturday afternoon April 25 with a very large attendance. Games and contests were enjoyed. Those assisting the bride at the table were Mrs. Thomas Teasdale, Mrs. R. Teasdale, Mrs. L. Chase, Mrs. R. Frost, Mrs. M. Hammer and several other ladies. Mrs. A. Frost made the presentation of gifts to the bride and the bride responded. A very lovely lunch was served and an enjoyable afternoon was had by all.

A Mother's Day service will be held in the Lomond Community Hall on Sunday afternoon, May 10.

at 2:30 p.m. Rev. Chapman of Vulcan will be the speaker. All are welcome and invited to attend.

Mrs. Kay Coutts, Lomond district nurse is pleased to report that Lomond again this year went over their quota in the Red Cross drive for funds. \$300.00 was the objective and \$330.00 was the total collected. Mrs. Coutts also wishes to extend her thanks to all who collected for her and to each one who donated.

Miss Margaret Bath, public Health Student and graduate of University Hospital in Edmonton, has returned to the Victorian Order of Nurses in Medicine Hat to finish her course, after spending two weeks in Lomond under the supervision of Mrs. K. Coutts, local district nurse. While here she gave some interesting lectures to school pupils on Dental Health and Mental Hygiene.

Lloyd Williamson was a visitor in Lethbridge last week.

Sam Kulack recently spent a week in Vulcan.

The baseball season got away to a good start on Sunday afternoon May 3, when the Lomond team motored to Sundial and won their first game of the league with a score of 25 to 5. The boys seem to be in fine form even though they have had very little practice and some of them no practice. Next game will be played in Lomond on Sunday, May 10 at 2 p.m. with Retlaw the visiting team. Everybody is welcome so you Lomond fans get out and give your team the support they need and deserve. Let's keep the cup in Lomond another year.

Mrs. Stan Craig spent several days last week in Calgary visiting her sister and brother-in-law, Mr.

and Mrs. Floyd Wolfe and daughter Irma.

Mr. and Mrs. Ernie Linley and family of Arrowwood were visitors in Lomond last Sunday.

### Teasdale - Sowe

A quiet but pretty wedding of interest to friends in Lomond and district was solemnized on Wednesday, April 15 at 6:00 p.m. in the United Church of Canada at Vulcan, when Elsie Elva, youngest daughter of Mr. and Mrs. William H. Rowe of Woodstock, New Brunswick, became the bride of James Alexander, youngest son of Mr. and Mrs. Thomas Teasdale of Lomond, Alta. Rev. J. S. Clarke performed the ceremony in the presence of immediate relatives and friends.

The bride was becomingly attired in a light grey gabardine suit with matching accessories, and wore a corsage of pink and white roses. Mrs. Annie Craig as

matron of honor was the bride's only attendant. She wore a wine gabardine suit with matching accessories and a corsage of spring flowers. The groom was supported by Mr. Stan Craig.

Following the ceremony a reception was held in the dining room of the Vulcan Hotel after which the happy young couple took a train for Calgary where they spent their honeymoon. On their return they will reside in the Lomond district where the groom is employed by the Special Areas Dept.

### BRANT

Mrs. Ed Pearson arrived home Monday from her trip to Redwater where she visited her son, Don Pearson, his wife and family.

The Birthday Club met at the home of Mrs. Ed Pearson on Tuesday to celebrate her birthday.

Mrs. Emma Walbauer entertain

ed several friends at cards on Wednesday night. John Druhal Jr. was home for the weekend.

Allan Fletcher and Clifford Anderson were home for the weekend.

Miss Elizabeth Druhal had several friends in Sunday afternoon celebrate her 17th birthday. Everyone enjoyed the delicious lunch served and the good time had.

Don Shultz is a patient in the Holy Cross Hospital in Calgary. We all wish him a speedy recovery.

Mrs. Mildred Prusky spent the weekend in Red Deer visiting with her daughter Alberta.

Dr. Bishop of High River was at Brant Friday to vaccinate the dogs for rabies.

Bach, the composer, was the father of 20 children.

GREASE GUNS!**

with 25 lbs.

**Marvelube  
GREASE "O" or "I"**

With either of these improved type grease guns and a filler pump, you can cut down the time it takes to do a grease job—you can be sure every bearing is properly greased. Equally important, you get away from the time-wasting, messy job of filling with a paddle.

The chance to buy either of these guns is offered with every 25 lb. pail of Marvelube Grease "O" or "I"—the grease that's used by more Canadian farmers than any other brand!

Check these features—Choice of 2 guns

**High Pressure Gun**

- 10,000 lbs. pressure for stubborn bearings
- Takes 3 strokes of pump to fill
- Keeps grease clean
- Can't air-pocket, works every stroke
- Small nozzle for hard-to-reach places
- Greases up to 100 fittings with one fill

**All-purpose Gun**

- 7,500 lbs. pressure
- Lower priced, tops in its class
- Special attachment for use with filler pump

## Carmangay

The Mother's Day church service will be held in the United Church Sunday evening at 8 o'clock. Beginning on Mother's Day, the Sunday service will be held at 8 o'clock every Sunday.

A Mother's Day service will be held during the Sunday School service. All mothers are invited to come along with their children.

Mrs. Mitchell and Larry Hadin are guests at the home of Mr. and Mrs. Miller Sr.

Mrs. Roy Church has been in Calgary during the last week.

Mr. and Mrs. Allan McLean were visitors at the home of Mr. and Mrs. Sturgess Davis of Kirkcaldy on Sunday.

Barbara McLean will be in Carmangay every Friday at Lenore Baldwin's place above the Baldwin Electric Shop, to do all types of hairdressing. Phone R111 for appointment. advt 37-2c

### Card Party

Twelve ladies gathered at the home of Mrs. Elsie Krasman on Saturday to play Court Whist. Hostesses Mrs. Allan McLean and Mrs. Albert Krasman served a very dainty lunch. Mrs. Vilas Teskey won the first prize and Mrs. Bob Long won the consolation prize.

### F.U.A.

The annual meeting of Plainfield F.U.A. was held at the home of Mrs. A. MacMillan on the evening of April 11 with 10 members and two visitors in attendance.

The sum of \$5 was sent to the Junior F.U.A. to the aid of Junior Conference Week.

Slate of officers for the year are as follows: President, C. A. Wynn, Vice-president, S. E. Thompson, Sec.-Treas. Mrs. A. MacMillan.

Lunch was served by the hostess at the end of a pleasant and busy business meeting.

The meetings are open to any who wish to join or who are interested in F.U.A. work.

### Anglican Guild

Ladies of the Anglican Guild met at the home of Mrs. Lenora Baldwin on April 30 with eight members present. Mrs. Sparks led the devotional and read an article on the Cross.

Main business was planning the Fashion Show and Coronation Tea to be held on May 29 in the community hall. The next meeting will be held on May 28 at the home of Mrs. McIntyre. A delicious lunch was served.

### H. & S. Association

The regular meeting of the Carmangay Home and School Association was held on Tuesday, April 28. The resolutions for the convention were discussed. Further plans for the opening night were made.

Those on the lunch committee for the month of May are Mrs. A. Baldwin, Mrs. Emma Smith, Mrs. J. Letal, Mrs. B. White and Mr. Yeomans.

### W. A.

The May meeting of the W. A. was held in the Sunday School room of the church on Friday, May 1st with 12 members and one visitor present. The meeting opened with the usual W.A. hymn, prayer and creed.

Devotional was read by Mrs. Gray. Lunch and program committee were selected for the Mother's Day afternoon to be held in the church this next Friday the 8th. All ladies of the town and district are invited to this annual program in honor of Mothers.

The visiting committee for the following three months is Mrs. Thompson, Mrs. Teskey and Mrs. Mina Greene.

The next W.A. meeting will be held on Friday, May 29.

### With The District Agriculturist Hugh Michael

#### Grain Beetles Active

According to circular 205 issued by the Board of Grain Commissioners all rusty grain beetle wheat must be fumigated before it can be marketed. Infested grain cannot be accepted for loading on a car unless accompanied by an affidavit certifying that fumigation has been done, and then it can only be accepted if the quota has not been filled.

Entomologists feel that farmers should not let up in their vigilance of stored grain. A considerable number of enquiries have been received at the Science Service Laboratories from farmers who are having trouble with the grain beetle. In some instances this trouble is occurring to grain stored under good conditions. With the return of warmer weather the grain beetle is expected to be more active than ever.

#### Agricultural Survey

The annual June survey of farms is about to start. Forms have been, or will be mailed to

reach each farmer about the first of June and all farmers are urged to complete and return these with out delay. The questionnaires come through the Dominion Bureau of Statistics in co-operation with the Provincial Departments of Agriculture and provide one of the basic methods of obtaining data on year-to-year changes in livestock and crop production by provinces and for Canada as a whole.

It is in the farmers interest to assist in providing these assessments on Canadian production for the national and international use.

#### HISTORIC AIRCRAFT DISPLAY FOR CORONATION

Billed as the "Pageant of Progress in Service Aviation," a display of aircraft, depicting the development of service aviation from before World War I to the present day, will be shown by the R.A.F. in the Royal Tournament at Earls Court, London, from June 10 to 28.

#### British Comets For RCAF

Two of Britain's jet-propelled Comets, the world's first turbo-jet airliner, will make their Canadian debut, about the middle of May, wearing the roundel-enclosed maple leaf of the RCAF. Following completion of flight trials in Britain and long distance test flights to Johannesburg, South Africa, they will fly to Ottawa to join No. 412 Transport Squadron. They will be the first Comets to go in to service with an air force anywhere in the world.

#### British Atom Bomb Film To Be Shown in Canada

Twenty copies of a new British film, "The Atomic Bomb, Its Effects and How to Meet Them," will be sent to Canada shortly by the United Kingdom Home Office. They have been ordered by the Canadian Government. The film is a documentary designed primarily for Civil Defence training. It is based on British World War II bombing experience and intensive studies made by the U.K. Civil Defence College on the atomic bomb and its effects.

A redesigned hoe drill is now on the market. This machine will handle large quantities of trash and can be used successfully behind subsurface cultivators. Fields from which 40 to 50 bushel crops were harvested have been seeded with this unit. Where the soil is very loose and the trash is very heavy, oscillating harrows, a trash mat, or a treader may be required ahead of the drill to consolidate the soil and break down the trash.

Field investigations in 1952 showed that heavy unspread straw swaths can interfere with yields where any of the above methods are used. The reduction in yields on the swath covered areas averaged 2.2 bushels per acre for all of the above methods of seeding. It is well worth while to use a straw spreader or straw chopper in the fall. If a spreader has not been used, then cross-cultivation or the use of a trash mat or trash harrows will help to spread the straw and permit a job of good seeding in trash.

A Color-blind person usually can see better in the dark than a person with normal eyesight.

## FOLLOWING THE TRAIL-BLAZERS

As Canadians push back the frontier—  
developing new areas, building new  
enterprises—banking service still follows  
the pioneer. Today, there are more bank  
branches to meet the needs of changing,  
growing Canada...they are  
being used more...they are doing  
more for more people...than ever before.

Since 1900, branches of the chartered  
banks have increased from 700 to 3,800.  
In the past ten years alone, 3,750,000  
bank accounts have been opened.

## District News

### KIRKCALDY

Mrs. Calvin Hollister and Betty were Lethbridge visitors on Saturday.

Mr. and Mrs. William Hummel and son accompanied by John Hummel motored to Nobleford for the weekend.

Mr. and Mrs. Carnegie motored to Calgary on Sunday to see Buster. The muscles in one leg have improved sufficiently to enable him to swing one leg slightly.

Morley Scobie, Joe Main, Wilfred Callaghan accompanied Cameron Middleton to Calgary last Wednesday evening to attend the wrestling match.

Miss Dorothy Kurtz of Lethbridge spent a few days at the home of her parents over the weekend.

Mr. and Mrs. Russel Robbie are being congratulated on the birth of a daughter on May 4 at the Vulcan hospital.

Sunday guests at the home of Mr. and Mrs. A. W. Maisey were Mr. and Mrs. Wayne Anderson, Mr. and Mrs. Max Groves of Champion.

### EASTWAY

Ian Fisher was a visitor in the district last week.

Two squares attended the square dance jamboree in Calgary last weekend.

Mr. and Mrs. W. Marshall were Calgary visitors on Monday, and were accompanied home by Mr. and Mrs. Bill Shaw of Vancouver, who are visiting here for a few days. Mr. Shaw was a regular harvester from Nova Scotia in this district some 25 years ago.

Mr. and Mrs. A. Hellevang and Mr. and Mrs. Vic Earl were Calgary visitors over the weekend.

### RED CROSS

Mr. and Mrs. Arthur Cutforth and Mr. and Mrs. Howard Burrell attended the Square Dance Association jamboree in Calgary last Saturday.

Sympathy of the district is extended to Mrs. Ivo Love on the recent death of her father, Abram Schenk of Vulcan.

Mr. and Mrs. George Fulton and Lynell motored to Calgary on Sunday to visit Martin Hanson who is a patient in the General Hospital.

Mr. and Mrs. Alvin Jacobson and Clara spent the weekend with relatives in Calgary and also attended the Square Dance.

M. D. Kehr from Grand Prairie and son Murray, who has been attending University at Edmonton, were visitors at the Ed Kehr home.

Mr. and Mrs. Alvie Fulton were Calgary and Irricana visitors on Monday.

Mr. and Mrs. George Todd were Calgary visitors last Sunday to see Miss Dickson who is seriously ill.

Mrs. Lyons of Champion is visiting at the home of her daughter, Mrs. Bob Parslow.

Mr. and Mrs. A. A. Giles were Calgary visitors on Tuesday.

### MOSSLEIGH

The Mossleigh Amateur Night that was to be held May 22 has now been postponed due to the late seeding season. The amateur night will be held this coming fall.

### ARMADA

A miscellaneous shower was held in honor of Mr. and Mrs. Gordon Boyd a couple of weeks ago. The evening was spent dancing to music supplied by A. Fraser and H. Howell. Shortly after 12 a gaily decorated table laden with many lovely gifts was presented to the young couple by Mrs. A. Marks, congratulating them and wishing them many long years of married life on behalf of the Armada Community Club and all their many friends present. Assisting the bride and groom in unwrapping the parcels were Mrs. H. Winch, mother of the bride, Carol, the bride's sister and Mrs. F. Boyd, mother of the groom. After the gifts were unwrapped, Mr. and Mrs. G. Boyd suitably thanked their friends and expressed their appreciation of the many gifts. Lunch was then served in the basement bringing an enjoyable evening to a close.

A pot-luck dinner was held a week ago last Sunday in the hall basement at which the Brethren group of Arrowwood gathered with their Armada congregation and enjoyed a fine dinner. After the dinner a play was presented by the Brethren group which was enjoyable to all who attended.

A Legion meeting was held where plans for the annual Sports Day which is scheduled for May 18. The members agreed to turn all proceeds over to the Community Hall fund. Committees were appointed and it is hoped the ladies' club will look after the booth as in other years.

Mr. and Mrs. L. Stokes motored to Calgary last week. They reported the hard surface was in very poor shape and that they had to wait for several hours for a hole to be repaired.

Mr. and Mrs. E. Anderson of Milo were Sunday guests of Mr. and Mrs. A. Marks.

Mr. and Mrs. W. Marks accompanied by Mrs. T. Marks were visitors to Calgary for a few days last week.

Mr. and Mrs. C. Stokes were guests at the home of their son-in-law and daughter, Mr. and Mrs. L. Hagg of Enchant last Sunday. Terry and Christie accompanied their grandparents back to Armada.

Mr. and Mrs. McNeil, who have been guests of Mr. and Mrs. L. Stokes returned to their home in Medicine Hat last week.

Rain has delayed seeding operations in the Armada district and left the roads in a very rough condition. The school van in the north east community was unable to get to school. However, it is hoped seeding will be general in a week.

Mr. and Mrs. Ross Chambers have taken up residence on a farm in the Didsbury district.

Mrs. Lyons of Champion is visiting at the home of her daughter, Mrs. Bob Parslow.

Mr. and Mrs. A. A. Giles were Calgary visitors on Tuesday.

### YOUR GRADUATE

will always  
remember

**A Canadian Pacific VACATION**

Graduation calls for a well-deserved holiday. Give your graduate a Canadian Pacific vacation... young people love to travel! Let them choose from any of Canada's many vacation wonderlands—Alaska... the Maritimes... the snow-capped Rockies... the Blue Pacific or the picturesque cities of Ontario and Quebec. Ask your Canadian Pacific agent for full details.

Prepay a Ticket for  
HOME COMING VACATIONS  
No extra cost

**Canadian Pacific**

Mrs. John Williams has gone to Oregon to visit her parents who celebrate their 65th wedding anniversary in May.

Mr. and Mrs. Pete Brown and family were Sunday visitors at the home of Mr. and Mrs. G. Bell of Gleichen.

A farewell party was held in the UFA hall on April 29 in honor of Mr. and Mrs. George Leith, who have now moved to Calgary.

The evening opened with some community singing, followed by a contest. Vocal solos were given by Maureen Phillips, Maureen Setters and Mrs. Ray Gaetz. A piano solo by Misses Eleanor House and Donalda Williams was also enjoyed.

Mr. and Mrs. Leith were presented with an electric mantle chime clock on behalf of their friends in the district and have resided here for many years. We wish them much happiness in their new home.

A good crowd attended the wedding dance on May 1st put on by Mr. and Mrs. J. Craig. The local orchestra provided the music and a delicious lunch was served.

Mr. and Mrs. Jack Ward spent a few days in Calgary last week.

Mr. and Mrs. K. Cochran and Johnny are back at their home after spending some time at Rochester where Johnny had been undergoing treatment.

Mr. and Mrs. Barry and family are now moved into town, formerly of Saskatoon. Mr. Barry is the new manager of the Bank of Nova Scotia.

Mr. and Mrs. Glover of Crowfoot have moved into the house formerly occupied by Mr. and Mrs. J. Roberts. Mr. Glover is the new agent for the Alberta Pacific Grain Co.

Mr. and Mrs. Glover of Crowfoot have moved into the house formerly occupied by Mr. and Mrs. J. Roberts. Mr. Glover is the new agent for the Alberta Pacific Grain Co.

### MAJORVILLE

Although it rained for four days last week only 1.33 was recorded. It was a very welcome supply of moisture and now sufficient moisture is assured to get the crops off to a good start. Some farmers have made a start on the land with a view to hasten the warming up process before seeding.

Mr. and Mrs. Bob Bertschy and family of Mossleigh were visitors at the home of Mr. and Mrs. Fred Bertschy last week.

Calgary visitors recently were Mrs. Scott and LaRue, Mrs. Wellman, Mr. and Mrs. Wines, John Bartsch and Leonard Voysa.

A dance scheduled for May 1 in the nod Liberty Community Centre hall was postponed on account of the condition of the roads following the four day rain. It's doubtful whether any social affair will be held now until after seeding and who knows it may be after harvest before thoughts will once more turn towards such frivolities in the old school house.

Mr. and Mrs. Francis, Lee and Billie drove to Brooks on Sunday. Sunday guests at the home of Mr. and Mrs. Vic Bertrand were Mr. and Mrs. Howard Nixon, Larry and Blaine, Mr. and Mrs. Ralph Nixon and Susan, Miss Madeline White all of Nanton and Miss Gladys Baden and Hugh Baden of Berrywater.

Interesting statistics supplied by the department of industries and labour: Albertans paid out \$8,133,300 for 3,262 new motor vehicles in January. It was a 37-percent increase over the \$5,947,396 paid for new cars and trucks in January, 1952. There were 41,189 sold during 1952 for a gross sales total of \$103,107,790, compared with 36,958 vehicles at \$88,715,064 in 1951.

Mr. and Mrs. D. Duncan of Calgary spent the weekend visiting Mr. and Mrs. Dick Oldfield.

## Champion

Miss Audrey Burns of Carman-gay began her duties at the beginning of this week at teacher of the Grade four and five room, formerly taught by Mrs. McPherson of Nanton.

Mrs. Emily Fraser accompanied by her daughter, Gloria, spent several days in Calgary last week where they attended the graduation exercises at Baptist Leadership School. Miss Eva Ruggles, Mrs. Fraser's niece, was among the graduates.

Mrs. Ed Barry of Wetaskiwin was a visitor at the home of her brother-in-law and sister-in-law, Mr. and Mrs. Tim Barry last Friday evening.

Mrs. Jim Allon spent last Wednesday afternoon in Calgary visiting her father in the Col. Belcher hospital.

Gordon Williger and Abe Lawson were Lethbridge visitors last Wednesday.

Mr. and Mrs. A. E. Howerton accompanied by Mr. and Mrs. Earl House and Mrs. Jim Allon spent last Sunday afternoon and evening in Calgary.

Mr. and Mrs. Jim Anderson returned home from Calgary last Sunday.

Mrs. J. Harper of Calgary spent several days in the district attending to her farming interests.

Jack Howerton, who is working in Lethbridge, spent Saturday evening and Sunday at his home here.

Mrs. Bob Stewart was a Lethbridge visitor on Saturday.

Mr. and Mrs. Ramon Hummel and small son of Victoria, are visiting at the home of Mrs. Hummel's parents, Mr. and Mrs. A. M. Mahoney.

Mr. and Mrs. Harold Matlock of Calgary are spending a few weeks at the home of their son and daughter-in-law, Mr. and Mrs. Wilbur Matlock, while the latter are in Eastern Canada.

Jim Allon and J. Douville were business visitors in Calgary last Thursday.

Mr. and Mrs. Gordon Stewart were Cardston visitors on Sunday.

### Amity Club

The Amity Club met at the home of Mrs. Leysack on Wednesday, April 22, with a good attendance. Mrs. Jim Ellis, presided over the meeting, owing to the absence of the president. After the business meeting a tasty lunch was served by Mrs. Leysack and Miss Margaret Carlson.

### Catholic Women's League

The April meeting of the Catholic Women's League was held at the home of Mrs. W. A. Keenan. The ladies present signed the application form for Certificate of Organization for the C. W. L. of Canada. Mrs. F. Strauss and Mrs. Allon assisted the hostess with the very delicious lunch. The next meeting will be at the home of Mrs. Phillip Fath, on May 28.

### Woman's Association

The April meeting of the W.A. was held at the home of Mrs. Muri Jones on Thursday, April 30.

with a fair attendance. Plans were made for a Mother's Day Tea to be held in the Community Hall on Saturday, May 9, at three o'clock each member to bring a friend. Mothers of the C.G.I.T. girls are invited to the tea, also. The W.A. served lunch to the speakers and members of the C.G.I.T. and Trail Rangers and those pupils in Grades 10, 11 and 12 who were interested in the work of these Organizations, on Tuesday, May 5 in the Community Hall. A delicious lunch was served by Mrs. Jones assisted by Mrs. Russell Hegland.

Mrs. Cliff Miller, accompanied her daughter Margaret to Calgary last week. Miss Miller continued her journey to Edmonton, where she will be employed.

Fred Clever is in the district attending to his farming interests.

Friends of Adam Schmidt will be sorry to hear he is a patient in the Carmangay hospital.

Mr. and Mrs. Albert Orcutt spent several days in Calgary last week.

### SUMMERFALLOW FOR INCREASED YIELDS

The main purpose of summerfallowing in the drought area is to conserve moisture, as it is realized that seasonal precipitation is often inadequate for profitable crop production, according to N. A. Korven of the Experimental Station at Swift Current, Sask. The reserve moisture on fallow obtained from the previous year's rains will help carry the crop through a drought period.

It is not generally realized that more than half the moisture conserved during the fallow period is present before any cultural work is done on the land, so it is important to prevent any loss of this reserve moisture through weed growth during the spring and summer.

Experiments to study the effect of dates of starting fallow operations on the succeeding crop have been conducted on sub-stations throughout southwestern Saskatchewan. Good and poor fallow practices were under test. For the good fallow, the land was first worked early in the spring and weed growth kept to a minimum for the rest of the season. For the poor fallow, the first operation was delayed until the end of June. The cost of summerfallowing was calculated. Yields of wheat following these practices were determined from field samples taken with a combine.

The average dates of starting work on the land was May 20 for the good fallow and June 29 for the poor. In all cases the poor fallow was weedy at the time of the first operation. The good fallow required only one more cultural operation at an average cost of 61 cents per acre. However, this extra operation produced an increased yield of 4.8 bushels per acre. Thoughtful planning of field operations during the fallow period can result in higher net returns for the farmer.

Mock Turtle Soup usually is made of calf's head.

### TENDERS FOR COAL

(Western Provinces)

SEALED TENDERS addressed to the undersigned and endorsed "TENDER FOR COAL FOR WESTERN PROVINCES", will be received until 3 p.m. (E.D.S.T.), WEDNESDAY, MAY 20, 1953, for the supply of coal for the Federal Buildings and Experimental Farms and Stations, throughout the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia.

Forms of tender with specifications and conditions attached can be obtained from the Chief of Purchasing and Stores, Department of Public Works, Ottawa; the District Resident Architect, Winnipeg, Man.; the District Resident Architect, Saskatoon, Sask.; the District Resident Architect, Calgary, Alta.; and the District Resident Architect, Vancouver, B.C.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

ROBERT FORTIER,  
Acting Secretary,  
Department of Public Works,  
Ottawa, April 24, 1953.

What we sell we service

## Milo News

Say ladies, when you become grandmothers and reach the age when perhaps life seems to be passing you by because you feel that you aren't as active as you used to be just think of the accomplishments of Mrs. Bud Booth last week. Now while we don't mean to say that Mrs. Booth is of a great age she does have a daughter with an eight month old baby and therefore we think she definitely merits the title grandmother and we admire her greatly for her experiences in the rain. You see she and her husband started the first cattle drive to the community lease in the east district that we have learned of this year. But one of their troubles from the start was the incessant rain that they had to put up with during the whole drive. Of course like the rest of us they never dreamed that the rain would last all week or they would never have started. Three new calves arrived on the way to make things into their second complication. Now Mr. and Mrs. Booth both had saddle horses but Mrs. Booth also had the task of keeping a pick up truck up with the herd. As the Booth farm is about fourteen miles west of Milo and the east lease is at least that far west of the village, they certainly had a task cut out for them under the best of conditions. But the conditions were not the best and got worse as they went along. The first day was not so bad and they got as far as Charlie Shields where they left the cattle for the night. The next day with the rain still coming down they started on again. Over by George Klemmies the rear end went out of the truck and they were left with a herd of cattle and two saddle horses and no way to get home to their children that night. After a phone call one of their neighbors took charge of the children, Mr. Booth went on to the community lease with the cattle and Mrs. Booth started home, about 20 miles, on her horse, to get help with the truck. Because of the rain she couldn't get back with that help and Mr. Booth also had to make the ride home on a horse and it was still raining. Cattle have gone to the pasture since that but it is doubtful if that much difficulty would be met in another drive.

Talk about the weather, who wants to talk about it. That which we just witnessed would remind one of all you ever heard about England. Portland and Victoria all rolled into one. They say that in those places no one ever stops for a little thing like rain or commerce and social life would be at a standstill all the time. Well it is plain to see that they aren't blessed with our sticky gumbo or they would stop and be glad to do it. Of course there are always people who must travel no matter what the weather is like and our roads show evidence of this now. If any one thinks they need chiropractic treatment all they need to do is take a good fast ride over nearly any road in the country. You will either be killed or cured.

Because of that same weather, last week was the most postpone-est week that has happened for a long time. Showers, vaudevilles and even our big school opening had to take back seats to Mother Nature. However this week should make up for it all. As was announced in last week's paper the school opening is planned for May 21, weather permitting.

A lovely miscellaneous shower was held on Monday for Mrs. John Ueland at the home of Mrs. Clarence Umscheid. Nearly 40 ladies gathered to welcome Mrs. Ueland into the country and into this community as she just came over here from Norway. While she couldn't speak to many of the ladies as yet, she said through an interpreter how much she enjoyed herself and how grateful she was for the gifts. The presentation to her was made by Mrs. Jack Deltz who addressed her in her native language. A lovely lunch brought the afternoon to a close.

Russell Mills gave a number of men of the community quite a fright last week when he collapsed in Bob Bertram's garage. A few of the men were standing around talking when suddenly Mr. Mills collapsed against his son-in-law, Irvin Sukut. A stretcher was obtained from the school and he was put in Llewellyn Hughes' school van and taken to Vulcan. On the way over he regained consciousness and apparently recovered completely. However, he was taken to Calgary to be examined by his own doctor and no further developments have been learned.

We are sorry to learn that Roy O'Leary was confined to a Calgary hospital for some time.

There are three new arrivals to note this week and congratulations are extended to the proud parents Mr. and Mrs. Ausenhus of Didsbury are the parents of a baby boy born April 11 and christened Calvin Wayne. Mrs. Ausenhus was

formerly Leta Jackson of Milo. Mr. and Mrs. Jim Fenske of Portland, Oregon are parents of a baby girl Patricia Jane. Mrs. Fenske is the former Helen Williams of Cluny. Mr. and Mrs. Kenneth Stumpf are parents of a baby boy, Robert David.

Mr. and Mrs. Ivan Winch, Mr. and Mrs. Gordon Ivers and Mr. and Mrs. Con Peterson attended the square dance jamboree in Calgary over the weekend in the capacity of spectators. It is to be imagined that their feet were itching before they had listened to that music very long or watched the dancers.

Mr. and Mrs. Norman Soder were visiting with the Bittorf family this weekend. Mr. Soder is a brother of Mrs. Bittorf.

Larry Fleming is now employed in Calgary at Universal Sales and Service. Sonny Vanetta has taken his place in Beckner's garage in Milo.

The first service of the season was held in the United church under the direction of Mr. Chapman who with his wife recently arrived in Milo. Services for the coming summer months will be held at eleven o'clock in the morning. A warm welcome is extended to Mr. and Mrs. Chapman for their stay here with us.

On April 24 a quiet wedding took place in St. Andrews church in Calgary when Marjorie Laing became the bride of Lester Jackson, formerly of Milo, now of Calgary. Congratulations are extended to them.

Mrs. Irvin Sukut has finally made it home with her new daughter. Because of the rain last week she was forced to stay in Calgary and only got home after it stopped.

Mrs. Ross Bertrand is attending the Home and School convention in Edmonton as a delegate of the Milo home and school.

This was sent in by one of my readers and I think it amusing enough to print.

With hair of gold  
And face divine  
A fairy kissed his lips.  
He only groaned  
And said, "Good gosh,  
What shapeless legs and hips."

## District News

From Our Correspondents

### ENSIGN

Mrs. Fisher left last week for Saskatchewan where she was called due to the death of her brother. Sympathy is being extended to her and her family at this time.

## Brief Items of Local Interest

Mr. and Mrs. Wade Lloyd and baby daughters, Lynell and LaRee of Canmore spent the weekend at the home of Mr. Lloyd's parents, Mr. and Mrs. B. A. Lloyd.

Friends of Norman Scotney will be pleased to learn he is now making satisfactory recovery following a recent major surgery at the Holy Cross hospital, Calgary.

Jerry LaRoche of Red Deer spent the weekend at his home here.

Mr. and Mrs. Gordon Bell and Benny accompanied by Daye Neville motored to Waterton Lakes on Sunday.

Cpl. Jack Hurst of Blairmore attended funeral rites for the late Herman Spanke here on Thursday.

Congratulations to Mr. and Mrs. Clarence Leeck on the recent birth of a daughter at the local hospital.

Mr. and Mrs. Ed Arney of Calgary are attending farming interests in the district for a few weeks.

A mild epidemic of mumps has been cutting down the school attendance, but luckily most children are not very ill.

Mrs. Chin of Portland, Oreg., is at present a guest at the home of her son-in-law and daughter, Mr. and Mrs. James Chapman.

Mrs. N. Scootney and Mrs. Roy McIntyre motored to Calgary on Wednesday.

Dave Brooks is a business visitor to Calgary this week.

Mrs. Dave Neville spent Monday at Lethbridge.

Mrs. C. R. Robson was a recent Calgary visitor.

Mr. and Mrs. Chester Rea were business visitors to Calgary last week.

Friends of Mrs. Montie Findlay will be interested to learn she underwent surgery at the Mayo Brothers' Clinic at Rochester last week, and is reported to be making a very good recovery.

K. Roy McLean, Optometrist of Calgary, will be in Vulcan at the King Drug Store on Monday, May 25, from 11 a.m. to 5:32 p.m. Consult Mr. McLean at his Calgary office, 1014 Greyhound Bldg., daily except Monday.

Four sets of Square Dancers motored to Calgary Friday and Saturday evenings to take part in the Square Dance Exhibition there. All report a wonderful time.

Friends of Mr. and Mrs. Russell Robbie are congratulating them on the recent birth of a daughter at the Vulcan hospital.

Mrs. Ed Kuykendall of Sundre is a visitor in the district.

Mr. and Mrs. Melvin Arrowsmith will move to Cardston this week, where Mr. Arrowsmith will operate a garage.

Friends of J. P. O'Connell will be pleased to learn he is now able to be around after his recent illness.

Melbourne Dunham is holidaying at the coast for the next two weeks.

Mrs. George Eamor of Calgary is a visitor at the Gale Atkinson home at present.

Mr. and Mrs. W. Woodward, who have spent the past six weeks here, have returned to their home in Calgary.

The ladies of Groups 1 and 2 of the Vulcan United Church are making plans for a Coronation Tea and sale of home cooking to be held in the Sunday School room of the United Church on Saturday, May 23.

Visitors at the Leo Spanke home to attend funeral rites for the late Herman Spanke included re-

latives and friends from Black Diamond, Calgary, High River, Blairmore, Wainwright and Durr Creek, B.C.

Congratulations are being extended to Mr. and Mrs. R. L. Deans of Montreal on the birth of a son, Robert John, on Sunday, May 3.

## EARLY SPRING PASTURING UNWISE

Give your pastures a chance to revive this spring before turning cattle into them. Too early pasturing on fresh spring growth too rapidly depletes the plant food reserves. If the pasture plants are given a month or so to establish themselves better grazing throughout the year will result.

Since good pasture is the cheapest form of livestock feed, every effort should be made to extend it for as long a period as possible, Mr. Pharis says. Pasture management includes rotational grazing,

which means that no portion of the pasture is grazed into the ground and maximum forage use is maintained without damage to any part of the crop. As each portion is grazed in turn, the rest between allows renewal of the grasses and legumes and a good strong stand is retained throughout the grazing period.

Those who lack sufficient permanent pasture for this year's requirements are advised by Mr. Pharis to supplement it with annual pasture. A mixture of one bushel of fall rye and two bushels of oats per acre sown this spring

will provide good summer grazing when permanent pastures are sometimes at a low level.

Use special care with newly sown grass and legume pastures, advises Mr. Pharis. In seasons of heavy growth some grazing might be allowed during the first year.

Does your PRESENT Problem frighten? We'll with ease Your burden lighten!
